

Here you can see my program flow.

1+2) Raw code and JAR are in GitHub:

<https://github.com/noaNisimDev/audiocodes>

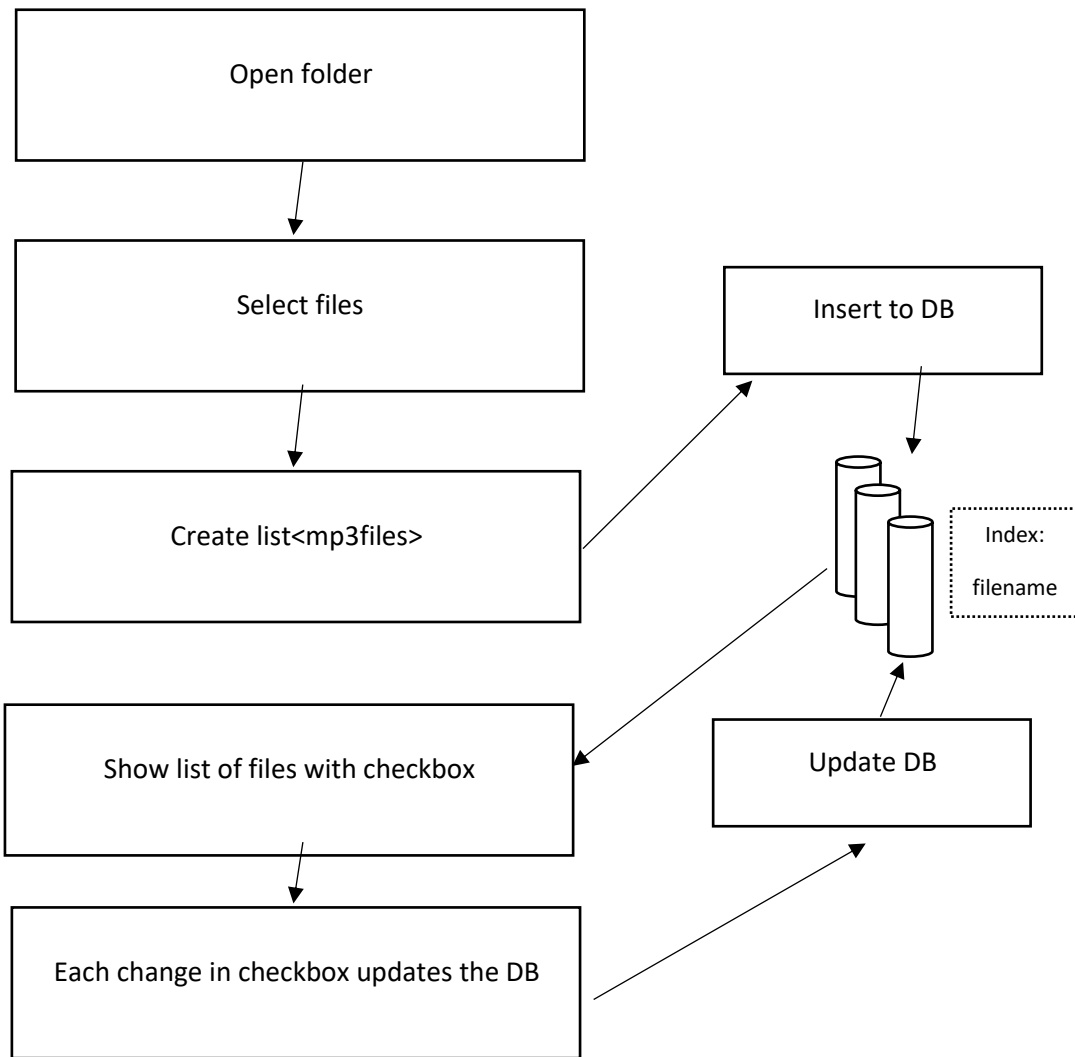

Also, an example of the Mongo Atlas charts after uploading 25 files and marking 6 of them as valid.

3) Link to carts:

<https://charts.mongodb.com/charts-project-1-ntwrp/public/dashboards/60ea12fc-636c-4ff4-8885-44a7010757d0>

Before submitting my task, I removed all the data so you can work with it.

Noa Shmuel Nisim

Charts Example
